Education

Ramrao Adik Institute of Technology, D. Y. Patil Deemed to be University

B. Tech in Computer Engineering (Major: Data Science), CGPA: 7.5/10

Navi Mumbai, India

May 2019 - July 2021

Navi Mumbai, India

July 2021 - Present

May 2007 - April 2019

Navi Mumbai, India

12th Grade Percentage: 76% St.lawrence high school

10th Grade Percentage: 74%

Fr.Agnels jr college

Experience

Accenture North America Data Analytics and Visualization Job Simulation on Forage

Navi Mumbai, India

Navi Mumbai, India

Feb 2024

Data Analytics and Visualization Job Simulation on Forage

• Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture

- Cleaned, modelled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders

RM Venture Jan 2025-Present

Data Analytics and Visualization Internship

- Prepare data for various ship owners who were looking to get their ships managed by technical managers
- Processed, structured, and analyzed datasets to identify content trends and provide actionable insights for strategic decision-making.
- Created a PowerPoint presentation and video to effectively convey key insights to the client and internal stakeholders.

Projects

 $Re-Member \mid Flask, Redis, Celery, Sql$

January 2025

- Automated Scheduling System Developed a web application using Flask, Celery, and Redis to schedule and send automated email/SMS messages with a calendar for alerts and reminders.
- Full-Stack Development Built the frontend with HTML, CSS, and JavaScript and backend with Flask and PostgreSQL/MySQL, ensuring efficient data management and user interactions
- API Task Management Integration Integrated Twilio for SMS, SMTP for emails, and secured user authentication, enabling seamless scheduling and background task execution

Online transaction fraud detection | Python, Machine Learning

May 2023

- Developed an Online Transaction Fraud Detection System using machine learning algorithms like Random Forest and Decision Trees to identify suspicious activities in financial transactions.
- The project was tested on large-scale datasets in a simulated environment to validate its effectiveness, focusing on reducing false positives and identifying suspicious activities efficiently.

Technical Skills & Certifications

Languages: Python, Java, C, HTML/CSS, JavaScript

Frameworks: TensorFlow, Flask, React Tools: Git, SQL,Power BI,tableau

Technologies: Deep Learning, AI, Machine Learning

AWS Academy : Cloud Architechting

Google Cloud Fundamentals: Core Infrastructure Cisco networking: Network Essential Certificate

Coursera: Python data structures

Leadership

Research Volunteer -RAIT

June 2023

Instructor

Navi Mumbai, India

• Collaborated with fellow volunteers to plan and execute weekly teaching sessions at IEEE.

Annual Techfest Event-RAIT

July 2023

Organizer

Navi Mumbai, India

Organized and managed the annual Techfest Event, coordinating with IEEE department.

Extracurricular

Techfest July 2023

Organizer Navi Mumbai. India

• Organised Techfestt 2023 with IEEE Committee RAIT, Escape Out.

College Premier League

February 2024

Navi Mumbai, India

Football team Captain • Captain of Football Team in College Premier League Led the team to Second Runner up ,Demonstrating leadership,teamwork,and strategic planning.

• Demonstrated exceptional creativity and dedication, resulting in a top ranking in the institute's hackathon.
